**APPLICATION FOR RECONSIDERATION OF THE
PATENT TERM ADJUSTMENT UNDER 35 U.S.C. § 154(b)
INDICATED IN THE PATENT (37 CFR § 1.705(d))**

Commissioner for Patents
P.O. Box 1450
Alexandria VA 22313-1450

Sir:

The applicant respectfully requests reconsideration of the patent term adjustment indicated on the cover page of the patent ("the patent PTA decision"), to the extent indicated in the following discussion and the enclosed modified version of the current USPTO Patent Term Adjustment calculation on PAIR ("The Spreadsheet"). The spreadsheet and the total PTAs indicated in this paper also reflect aspects of the current USPTO Patent Term Adjustment calculation on PAIR that have already been the subject of an earlier request for recalculation under 37 CFR § 1.705(b).

This application for reconsideration of the patent PTA decision is being filed within two months after the patent issue date.

This application for reconsideration of the patent PTA decision is accompanied by the fee set forth in § 1.18(e) (\$200).

This application for reconsideration of the patent PTA decision includes below a statement of the facts involved in sufficient detail to allow the United States Patent and Trademark Office (USPTO) to reach the correct patent term adjustment respecting the disputed items that arose after allowance.

The Applicant's calculation shows that the correct patent term adjustment, accounting for previously disputed and presently disputed items, should be 1317 days.

The bases under § 1.702 and 37 CFR § 1.705(d) for the adjustment are as follows.

Positive Patent Term Adjustment

Three Year Guarantee (35 USC § 154(b)(1)(B))

The USPTO calculation of the patent term adjustment under the three-year deadline for issuing a patent after its filing date was 426 days. The Applicant disagrees with this determination because the patent term adjustment on this ground should instead be 427 days, minus 0 days consumed by an appeal, for a net adjustment of 427 days.

Specifically, the enclosed modified version of the USPTO Patent Term Adjustment calculation on PAIR shows that:

- the actual filing date of the application was January 9, 2004,
- the third anniversary of the actual filing date was January 9, 2007,
- the first request for continued examination of the application (RCE) under 35 USC 132(b) was filed on March 11, 2008.
- the first RCE was filed 427 days after the third anniversary of the actual filing date, which is the appropriate patent term adjustment on this ground.

Reductions in Patent Term Adjustment

Three Months to Pay Issue Fee (37 CFR § 1.704(b))

The applicant is contesting the following application(s) of 37 CFR § 1.704(b) to reduce the patent term adjustment in the present application.

- The Notice of Allowance was mailed on March 19, 2010,
- The date three months after the mailing date of the Notice of Allowance is Saturday, June 19, 2010,
- The issue fee was paid on Monday, June 21, 2010,
- The reduction in the patent term adjustment proposed by the USPTO is 2 days,
- The Applicant's position is that the present issue fee paid on the first business day after a deadline falling on a weekend or holiday is not late, establishing the correct reduction in patent term adjustment is 0 days. The basis for this position is 37 CFR § 1.6(a)(1), which states in relevant part, "The Patent and Trademark Office is not open for the filing of correspondence on any day that is a Saturday, Sunday, or Federal holiday within the District of Columbia," and 35 USC § 21(b), which states: "When the day, or the last day, for taking any action or paying any fee in the United States Patent and Trademark Office falls on Saturday, Sunday, or a Federal holiday within the District of Columbia, the action may be taken, or fee paid, on the next succeeding secular or business day." See also 37 CFR § 1.7(a). In this case, 37 CFR § 1.7(a) and 35 USC § 21(a) are applicable because the last day set by statute (35 USC § 154(b)(2)(C)(ii)) for taking the action of filing a response to an Office action without being "deemed to have failed to engage in reasonable efforts to conclude processing or examination of an application," falls on a Saturday, Sunday, or on a Federal holiday within the District of Columbia.

Net Patent Term Adjustment

The changes requested by the Applicant to the USPTO patent term adjustment determination in the patent PTA decision are as follows:

Positive Patent Term Adjustment

- **Three Year Guarantee
(35 USC § 154(b)(1)(B))**

	Patent Term Adjustment (days)
USPTO Calculation	426
Applicant Calculation	427

Reductions in Patent Term Adjustment

- **Three Months to Pay Issue Fee (37 CFR § 1.704(b))**

	Patent Term Adjustment (days)
USPTO Calculation	2
Applicant Calculation	0

Conclusion

The Applicant requests modification of the patent term adjustment as indicated above. As shown in the enclosed modified version of the USPTO Patent Term Adjustment calculation on PAIR, the patent term adjustment proposed by the Applicant is thus 1317 days.
